I agree. This is a trouble-some village. What little Police there is should be withdrawn & a chowkidar appointed in the interests of the people themselves. The complainants should be informed accordingly. 30/1/04

Submitted

With
this report the Dy Comr
Kolar, has sent a copy of the
Amildars report to show that
the complaints made by the
Petitioners are not true & has
stated that necessary
steps have been ordered to be
taken to allow re-occupa-
-tion of the houses in the
villages after disinfection
& to improve the sanita-
-tary by opening a conser-
-vancy Lane. The Brahmin
Judicial are very troublesome
& have opposed sanitary
measures & if they still
continue to do so, he will
order their prosecution.

From,

D. to Govt. No. 2/11 —
Deputy Commissioner
Kolar District.

To,

N. T. Narayanadasayya Esq. 2/11 —
Secretary to the Government
of Mysore, Revenue
Department. —

Sir,

With reference to your No: Rev 3772 dated the 24th ultimo, I have the honor to submit herewith copy of Municipal Council report of the 3rd instant, and to state that the Council has been directed to push on rapidly with the work of disinfection of the village in question (Devarayasandra) and to allow reoccupation of the houses in the village, as early as possible. —

As the village was very dirty and congested, the Council very rightly, and with my full concurrence, had a small Government lane, 7 feet wide, opened in the village for the better Sanitation and ventilation.

of the place.

The Brahmin Judicial have been very troublesome in the village, and have opposed necessary Sanitary measures being carried out, to improve the Sanitation of the village, with the consequence that Plague has continued here for much longer than it otherwise would have done.

Of those men giving me trouble, I shall order their prosecution. Having only one Assistant Commissioner in the District at the time, I was unable to send him to Devarayasandra, and I was myself engaged with the Revenue Commissioner, who was on tour in the District.

I have the honour to be
Sir,
Your most obedient
Servant

Deputy Commissioner
Kolar District.

Deputy Commissioner's Endorsement dated 26th November 1903 on the Revenue and General Secret amp Docket No Pch 572 dated 24-11-1903.

— Report —

With reference to the above, I beg to report that Jodi Devarayasamudram village not having yet been disinfected, has not been permitted to be re-occupied.

2 The village was badly infected and deaths continued in the huts even after evacuation, so that the place became a source of infection and danger to the villages all round.

3 The villages of Gangikunte, Virupapur, Mallapanahalli, and Cholangunta all round the Jodi village suffered from plague and are evacuated.

4 With a view to properly disinfect, the plague

plague Superviser stopped in this village in the beginning of November, but the work could not be pushed on owing to the indifference of the people in collecting the bodies and in not permitting the disinfection work being carried through.

The Plague Superviser not having been able to show any work there, he was directed to disinfect Rajendrahalli and Gudipalli villages near the frontiers.

5// Of those who have signed the enclosed petition to Government, only 3 individuals are residing in Devarayasamudra. Out of the others, K. Narayana, (2) Annappa (3) Ramaswamy, (4) Varadaswaradhani (5) D. Subbaraya are stated to be living more or less permanently in Bangalore, Impure, and elsewhere as coffee-shop-keepers, Cooks &c, and though they own houses, do not come and live in this village

The allegations contained in the petition are false very

(1) No houses have been demolished without the owners' consent.

(2) The well useful for the public in the street, has not been attempted to be closed and no such foolish thing would be done by any sane official.

(3) I did not sell any Jodi lands. The major portion of the Jodi assets a meeting, sold a portion of their joint lands' produce for the current years and set it apart for recovering principle, hence the amount of Rs 60/- so recovered has not been touched by any government officials and the Patel of the village is doing the work as a trustee of the major portion of Jodi assets. This matter is one with which I have had no concern

6 I beg to state that in this Brahmin village, all the people are relatives. They are friends one day, and enemies the

next day. The Inam Patel Venkatramanaiah was against his younger brother Subbaiah who is the recognized Patel of the village. Each of these brothers had a group to lead, and as they have become one now, some few people have complained against them both seeing there are none to quarrel with.

7 I have done little or nothing in this Jodi village beyond giving instructions whenever I went, for attending to proper sanitation. Only one small causeway road 9ft wide was opened by Plague Superviser and as even there, there were two persons who would not allow their ground to be taken up, I have submitted a special report and am waiting for further instructions.

8 The village is very dirty notwithstanding what has been done, and I have requested the Assistant Surgeon to kindly inspect this place and see what he considers necessary.

9 . The Plague Superviser has failed to carry out disinfection properly and his work being very unsatisfactory, the Hospital Assistant, his Compounder, the police Duffadar etc had to attend to desiccation etc in the village. The major part of is now disinfected and the people will be permitted to reoccupy on the 5th or 6th Instant, as soon as the Assistant Surgeon visits the places.

10 The statements taken by three of the individuals who signed, the petition are submitted herewith. Though they state that they put in their signatures without knowing its contents they seem to have resisted out of Bonafides ill-advised by on the belief that many houses would be taken up for opening

Conservancy lanes, both brothers becoming one and wreaking revenge against their opponents
